

The 2010 Gosford City FC Youth grading process strives to achieve the best and fairest assessment for all our players. Based on the performance of our players we have structured the following teams 'provisionally' and further assessments will be made throughout the trial games. Players may be asked to alter teams, however this will only be done after consultation. We also need players in several age groups so please ask your friends if they wish to be a Gosford City FC Dragon.
